

Accelerometer BS 250-K1

Accelerometer BS 250-K1
Acceleration directly via LC-Display readable.
Supply voltage 230 VAC

side view
Connections for acceleration sensor
and 0-10 VAC exit for view of oscilloscop
Ri AC/ Ri DC ~ 1kOhm

screwing assembly Measures:
L = 25 mm
B = 20 mm
H = 10 mm
Drilling $\varnothing = 4,1$ mm

Acceleration sensor BS 250-K1
Measuring range from 0 g up to max +/- 250 g
Measuring accuracy 2%v.E.
Critical frequency 400 Hz
Perpendicular direction of acceleration (Z-Achse)↑
